PHILOSOPHY AND GOALS

Trinity Lutheran Christian Preschool is committed to providing a program and environment that emphasizes the development of the whole child: mentally, socially, emotionally, academically, physically and spiritually; and to recognize the way a child learns and provide for individual differences among children as they grow.

The goal of our program is to provide a Christian atmosphere in which a child can prepare for a successful school experience by becoming an enthusiastic learner.

Trinity Lutheran Christian Preschool does not discriminate on the basis of race, color, national and ethnic origin in the administration of its admissions policies and other school-administered programs.

PARENT INVOLVEMENT

We believe that communication between parents and staff is essential for maintaining the best program possible to meet your child's needs. Throughout the year, parents have the opportunity to participate in parent conferences, attend parties and field trips and be a classroom volunteer. We provide a monthly newsletter as well as regular notices and calendars from the teachers.

CURRICULUM EMPHASIS

Our curriculum provides a hands on learning approach to education. Learning areas include:

- ◆ Creative Art
- ◆ Christian Theme Units
- ◆ Language Development
- ◆ Music
- ◆ Cooking
- ◆ Math and Science Learning Centers
- ◆ Dramatic Play
- ◆ Puzzles and Games
- ◆ Book Center
- ◆ Computer Time
- ◆ Gross Motor and Fine Motor Skills

The curriculum is presented in an atmosphere of mutual respect to foster a positive self-concept. Emphasis on cooperation, listening, following directions, problem solving, and decision making are necessary in a child's preparation for school and living in society. We offer a balance of social and academic experiences with the State of Ohio Early Learning Standards.
